New business

- public speaking competition - Chelsea to bring snacks
- Healthy snack- more fruit to available in the am. Parents willing to donate fruit as needed
- Hot lunch program- everyone very appreciative it's up and running, would like to see no soup as an option (messy in school and on busses), full combo portion sizes to big for little ones, cost is expensive for multiple children families. Everyone very open to the idea of an in house hot lunch program. 2 parents have volunteered, need to speak with Larissa first before moving forward
