## **SECTION I: INTRODUCTION**

### **Our Vision**

The Valhalla Community School (VCS) aims to instill a readiness for leadership by equipping its rural students with both knowledge and skills that will enable them to make positive contributions at their future places of employment as well as in the communities or groups with which they choose to affiliate.

### **Charter Schools**

Charter schools are publicly funded schools which must have a unique focus. With this unique focus, charter schools impact the education system by “testing out” new innovations in education for future use in interested regular public schools. Alberta is currently the only province in Canada with charter school legislation.

Valhalla Community School operates under the stewardship of the Valhalla School Foundation, whose charter is grounded in whole-group direct instruction (also known to some as, traditional teaching) and incorporating mandatory second language and rural student leadership development.

The Valhalla School Foundation is a proud member of The Association of Alberta Public Charter Schools (TAAPCS). See <http://taapcs.ca>

Please see the full charter documents on posted on the school's website for more details.

## **SECTION II: VCS CHARTER & PROGRAMMING SUMMARY**

### **Valhalla School Foundation's Guiding Philosophies**

We believe:

- Rural education is not a detriment, but unique and beneficial. So, we mandate split grades.
  - Structured teaching in the classroom maximizes opportunities for all students.
  - Our students are indeed community members and future leaders. Their civic commitment and community participation is valuable.
  - We must train students to be successful in both urban and rural settings.
  - Parents and guardians play a central role in a child's life. Parents are partners with the school as everyone works toward the child's success.
- 
- Supporting our school's staff is important. We work to clearly define our goals and expectations and by provide the means to carry them out.
  - Student competence leads to self-confidence. Mastery of skills in academics and leadership is important and we work to make that a reality.
  - Memorization, mental calculation and excellent penmanship are valuable life skills. Drill and practice is a preferred way for development of automatic skills.
  - Critical thinking is an important part of child development. Still, mastering basic skills and developing a battery of knowledge comes first. This foundation sets the stage for later development of abstract reasoning, logic and a self-reliant thought processes.

### **Valhalla School Foundation's Educational Charter Goals**

The school's charter goals centre around two themes of communication and civic leadership processes.

Communication Focus:

- a) How you communicate: grammar, spelling, accuracy in oral, written and mathematical languages, reading and writing skills, etiquette, second language
- b) What you communicate: extra knowledge about history, science and fine arts
- c) Where you communicate: public speaking

Civic Leadership Processes:

- a) Knowledge acquisition: learning committee roles (president, secretary, treasurer etc) and processes for action (parliamentary procedure, roles of various levels of government)
- b) Direct experience: observing real community group meetings, participating in on-campus student-run 4H groups

### **VCS PROGRAMS**

With our charter philosophies and goals in mind, the Valhalla School Foundation has assembled a selection of student programs to carry out our school's goals.

## **Language Arts**

Google “Siegfried Engelmann” and you will find a man who developed a reading program that breaks down the skill of reading into individual steps that are mastered one at a time with continual review of past skills. The result is quick and accurate reading development. “Project Follow Through”, a 30 year research study in the US consistently found Engelmann's Direct Instruction to be the most effective reading instruction on the market. . The material is called Reading Mastery which implements the purest form of Direct Instruction. K-2 focuses on reading skills and the older grades progress to develop skills of reading comprehension, writing and spelling.

## **Math**

Currently most VCS students study “Saxon Math”. It is a sequential program with lots of practice and review. Saxon Math provides a solid foundation with an emphasis on algebra. Students in K-2 study “Singapore Math”, from China. It focuses on mental calculation and problem solving skills. As Singapore Math is phased up to the older grades, it will teach advanced math concepts as well as geometry. Both programs teach Metric and Imperial measurement, which we believe is important given that Imperial measurement is at the heart of our road systems and many work tools.

## **Knowledge Enrichment**

Googling “E.D. Hirsch” will bring up the Core Knowledge Series. Hirsch believed there was a core set of knowledge every child should know to be considered educated in western society. The VSF has added Core Knowledge concepts to the regular Alberta curriculum for a broader scope of teaching in all subject areas. Ask your classroom teacher to see the curriculum write-ups if you're interested. Also, Emily Post's, *Etiquette*, accentuates Health classes in all grades, as we feel the rules of etiquette will assist students on their path to success.

## **Public Speaking**

Leadership roles invariably lead to public speaking. VCS gets students comfortable talking in front of people and giving them the skills to speak well in front of groups. Various opportunities will arise throughout the school year.

## **Rural Leadership**

VCS is a Leadership school! To fortify leadership and parliamentary procedure skills, students are given opportunities to observe and practice “meeting skills” and to participate in “servant leadership” as part of the school's curriculum. Our students learn to do by doing. They also observe real community groups and municipal meetings as they learn to see themselves as leaders.

## **French Language**

Valhalla Community School offers French as a second language. All students from grade 1 to Grade 9 are required to study French as a second language.

## **Enrollment & Selection Criteria**

Charter schools are schools of choice. That is, parents are able to choose to send their child to Valhalla Community School, or they may choose to send their child to the mainstream school in their area. For this

reason, charter schools are obligated to develop a policy outlining who is eligible to enrol in the school.

*VSF Policy A-401 January 26, 2017*

If enrollment applications by students exceed the maximum student capacity of the school the following criteria will be used for selection purposes.

- Before the end of the school year, parents of students currently attending Valhalla Community School will be given the opportunity to register their children for the next school year.
- New students will be admitted if there are spaces available in the following order of priority:
  - Students living within the designated Valhalla Community School boundary.
  - Siblings of students already attending Valhalla Community School.
  - Children of staff members.
  - First come first served to all other students.
- With the exception of students whose family has relocated during the school year to a residence within the designated Valhalla Community School boundary, no new students will be accepted after September 30 of the school year.
- A 'New Student' is defined as a student who is not registered at Valhalla Community School by September 30 of the given school year.
- The Board may consider exceptional circumstances.

## **SECTION III: ROLES**

### **PARENTAL INVOLVEMENT & VOLUNTEERING**

Valhalla Community School is a school of choice. This means that parents have the option to choose, for their child, the philosophy of this school as articulated in the Charter. VCS believes that the school's design will result in parents wanting to play a strong role in their children's education. When parents have the opportunity to choose the kind of education they prefer, they find the necessary energy, time, and resources to devote to their children's education. Valhalla Community School anticipates that parents will be directly engaged in tutoring, coaching, classroom instruction, preparing resource materials, and providing other necessary and invaluable assistance.

The family naturally provides the most influential and effective context for basic lifelong learning and teaching. For this reason, and at the discretion of the classroom teacher or principal, parents are invited to teach or assist with learning projects in all subjects, depending on their interests and expertise. Parents are also encouraged to spend time reading aloud to children at school and/or in the home, coaching them in skill development, and otherwise contributing time and talents in a variety of ways. Parents with children in a specific grade level will have opportunity to volunteer in that grade at the teacher's discretion.

#### **Parent Involvement, Observation, and Volunteering**

Valhalla Community School is a charter school. As such, there are many new ideas being implemented. The classroom itself is the context for several of these innovations. There is great emphasis on volunteers in this school. There is also a need to establish a learning environment that best serves the students. At VCS we have defined the general parameters for parents volunteering in our classrooms:

- Parent volunteers are an integral part of VCS. Parents are not only welcome, but they are crucial if we are to have high quality teaching of the entire curriculum each year. Everyone volunteering at the VCS must have a current signed volunteer application. Volunteers that work directly with students require a criminal records check and an agreement form.
- The teacher has primary responsibility for the classroom and student learning within the classroom.
- The teacher's individual teaching style sets the tone for the classroom. This includes everything from delivery of the educational program to classroom management.
- Parents who wish to be volunteering in the classroom need to learn the teaching style of the teacher they wish to assist. If the teaching style conflicts with the parent's volunteering style, the parent will need to either adjust his or her style or find a more compatible setting within VCS to volunteer.
- Any grievance or concern a parent has with a classroom or a teacher will be handled by the procedures defined in this handbook
- Under **NO CIRCUMSTANCE** is it acceptable for a parent volunteer to confront a teacher about an issue in the classroom, or any other part of the school, when students are present.

Valhalla Community School encourages every adult (parents, stepparents, grandparents, aunts and uncles) to take a special interest in the lives of its students, to act as mentors and tutors, and to instill in every student a love of learning.

Parents work in conjunction with the staff to ensure the most effective education possible for their children. To this end, parents are responsible for knowing and understanding the contents of Valhalla Community School's Charter, and are encouraged, but not required, to participate on school committees and provide other volunteer services, as they are able. The School Council is a resource for parents to find information, give input and connect with the VCS community. Monthly meetings are a great way to meet fellow parents and be involved within the VCS.

Parents are welcomed and encouraged to participate in the school, to reasonably observe and/or assist the teacher. However, any parent whose presence or actions are deemed by the teacher and principal to be a distraction, to exhibit hostility, or to interfere with the instruction or learning of the students, will be barred from the school.

Parents are welcomed to observe classroom activities. In order to create a consistent school atmosphere for learning, parents wishing to observe a class must arrive before class begins. Each class will have two teacher-provided chairs for observers. Observing parents do not participate in classroom activities unless invited to do so by the teachers, and observers must not interrupt teachers and /or students. Observers may take a few notes, however, computers, tape recording, etc. may be a distraction to students and are not permitted

## **VOLUNTEER CODE OF CONDUCT**

Volunteers at Valhalla Community School shall:

- be on-time and reliable in fulfilling volunteer commitments.
- exercise kindness while volunteering for Valhalla Community School.
- respect and abide by the confidential nature of anything they might see or hear while volunteering.
- be prompt and dependable for the times they agree to volunteer.
- conduct themselves in a businesslike and fair manner, without partiality to individual students.

- motivate children to work and help them succeed in school.
- graciously accept direction and constructive criticism from staff members for which they are volunteering.
- acknowledge the teacher as the authority in the classroom.
- NOT confront a teacher regarding disagreements or differences of opinion in the presence of children.
- be respectful of the classroom by not disrupting a teacher's instructional time or student learning.
- Dress modestly and appropriately for a school environment (i.e. midriff covered, no short shorts/skirts, no spaghetti straps).
- Wear a current volunteer nametag at all times when volunteering at the school
- sign in and out at the front office when volunteering at the school.

## **TEACHERS AND PROFESSIONALISM**

Teachers are the center of the mind and the heart of every successful school. Without dedicated competent teachers, the best of educational practices will never actually come to fruition in the classroom. Research on effective schools reveals that after individual ability and effort, the organizational structure implemented at Valhalla Community School is most influential in determining academic achievement. Valhalla Community School's teachers are expected to implement the school's academic mission.

In the classroom, the teacher is in charge. Outside of the classroom, teachers receive professional guidance with respect to specific goals and objectives from the Board of Directors through the Superintendent and Principal.

Professionalism requires a body of knowledge and skill applied with a clear level of accountability that affords the flexibility to accomplish the defined task. All teachers have a different style of teaching the unique blend of classroom characteristics that enables them to give the very best of themselves to the education of their students. The teacher's style sets some basic parameters for the parents as well as the children. Within those parameters, and at the teacher's and/or principal's discretion, parents have all the opportunity to assist the teacher. A high level of parental involvement is actively encouraged, and teachers are expected to incorporate parental volunteer efforts in the classroom as much as is reasonably possible. Parents with children in a classroom will have the priority for volunteer opportunities in that class.

The central role of teachers in the classroom deserves respect. All teachers accept responsibility for teaching the entire curriculum, both content and skills, in a way congenial to the school's philosophy toward values and the student. This will be defined as their primary role.

## **BOARD OF DIRECTORS**

The primary responsibility of the Valhalla School Foundation Board of Directors is to oversee and establish the educational and operational policies of the school consistent with the vision, philosophy, and mission of the school as defined by our Charter.

Implementation of the policies and procedures, and daily operations, are the responsibility of Valhalla Community School's administrative personnel. The Charter Board typically meets once a month to discuss school operations and hear reports. It is during these meetings that they examine operations, establish new policies, and review and change existing policies as needed. See the school's website for current dates and times.

Regular meetings of the Charter Board are open to the public and your attendance is welcome. For issues involving personnel or other sensitive matters, the Board may vote by simple majority to adjourn to in camera session. At such a time, guests would be asked to leave for the duration of the discussion and then be welcomed back when that subject was finished.

Documents regarding the governance of the school (Charter, by-laws, policies) are on our web site and are available in the office for perusal.

## **COMMUNITY INVOLVEMENT**

We have received much support from individuals and businesses within our local community. Community relations will continue to be important to us, and we are all goodwill ambassadors for Valhalla. We hope to continue creating partnerships with local businesses and pursue grant opportunities. Any information or expertise you can offer in this area is greatly appreciated. Valhalla Community School may recruit individuals from the community to provide supplementary educational experiences for the students. Opportunities for on-site parental volunteer assistance will be encouraged and facilitated.

Valhalla Community School aspires to provide an educational system that serves the needs of the students, parents, and the community. This provides an unprecedented opportunity for parents and the community to participate in the students' educational process.

Everyone riding the bus must respect that the driver is in charge and the safety of all passengers is first and foremost. All passengers are expected to carry out the bus driver's directions always and immediately, with respect, consideration and cooperation.

The responsibility for the safety of passengers who are required to travel on school buses is of necessity shared by the board, its staff, bus drivers and parents. School system staff and bus operators shall exercise their responsibilities in accordance with the guidelines approved by the Board.

  - Written permission is required from a parent/teacher before a passenger can be dropped off at another stop.
  - Report any obvious and significant safety problems to the Director of Transportation. The transportation directors may ask the parent to complete a bus incident report.
- 
- Remind your child that even though all vehicles are required by law to stop when flashers are in operation on a school bus, vehicle drivers are sometimes negligent or careless and do not stop when they should, therefore, children should proceed across the road with the utmost caution.

### Students:

- ii)Student assigned designated seat and parents are notified.
- iii)Principal, parent, student, Director of Transportation, driver conference
- iv)Suspension of bus privileges for designated period of time.

a)If in the opinion of the driver the student's behavior is sufficiently negative to warrant, the driver may immediately refer the student to the principal, in which case a misconduct report must be completed by the driver and given to the principal who will ensure a copy is given to the parents as well as the transportation director.

b) For minor incidents of a continuing nature bus drivers are encouraged to contact the parents prior to referring to the principal.

**Inclement weather:**

The Superintendent or designate shall direct the suspension of school bus operations on all days on which the temperature is equal to, or colder than -40 Celsius with wind chill subject to suitable baseline of which to assess, as determined by supervisor in consultation with key areas drivers. All effort is made to have any bus cancellation announcements ready by 7:00am. Announcements are posted on the school website, [www.valhallaschool.ca](http://www.valhallaschool.ca) and on radio stations CJXX-93.1 and Sun-FM-97.7.

Should inclement weather arise during the day, students will be kept at school until their regular dismissal time if possible. In the extreme event where students are sent home early, all parents will be notified before the busses leave the school to ensure someone is home. Valhalla Community School remains open, if at all possible, during school hours whether the busses run or not.

Each bus driver has the authority to close down his/her route. The bus driver will make a reasonable attempt to run their route but if after such an attempt, they feel that road conditions are unsafe, they may cancel their route. In doing so, they will notify the Director of Transportation, so that the director can make the necessary announcements, and they will also make reasonable attempts to contact the parents of the students who ride their bus.

The Valhalla Community School leaves the final decision to the parent regarding whether their child rides a bus during times of inclement weather. Should a parent feel it is unsafe for their child to ride a bus, due to inclement weather, they are free to decide not to place their child on the bus. We would ask that should the parent make such a decision, that they contact our transportation director as soon as possible.

**Bus video cameras**

For the safety of students and drivers, video cameras may be used in school buses. Buses with cameras will have signage indicating the presence of a video camera. The Valhalla School Foundation has installed a video camera with audio on one bus and may install these on other buses as a means to deter vandalism and identify student activity that may pose a threat to passenger and driver safety. The information is collected under the authority of School Board Policy and in accordance with section 32c of the Freedom of Information and Privacy Act. If you have any questions about the collection, use or disclosure of this information, please contact the Director of Transportation or the Superintendent of Valhalla School Foundation.

**Your support and cooperation is appreciated. Safety is our first priority.**

## **SECTION V: SCHOOL INFO**

### **Attendance - arriving late / leaving early**

Regular attendance is an essential component of learning. When absences are unavoidable, students and parents are responsible for any make up work during the absence. Assignments that are not made up, according to the time restrictions set by the teacher and school, will be reflected in their grades. It is helpful to both student and teacher to make prior arrangements to meet that requirement.

If your child will be absent please notify the school by either phone call or written note. It is important to phone anytime before 8:45 a.m. on each day of the absence, leaving a message on the answering machine if necessary. As this is a matter of student safety, office staff will place calls daily to parents for unaccounted absentees.

**Arriving Late** Student's arriving at school late (other than bus problems) are expected to sign in at the office. Any student arriving after 8:45 am is considered late.

**Leaving Early** Anyone being picked up early, prior to 3:45 pm, must sign out at the office. If your student is being picked up by someone other than you, the parent, the office must be notified ahead of time. A note is appreciated.

### **Communication**

**Newsletter/Monthly Calendar:** Regularly scheduled newsletters are designed to keep the community up to date as the weeks unfold. The newsletters are posted on the school website, [vcs.education](http://vcs.education)

**Email:** Parents may use email for teacher communication. Good communication is always a two-way street.

**Telephone:** It is preferable to communicate with teachers during school hours. However, if you are unable to connect with your child/ren's teacher during school hours, it is acceptable to contact teachers at home.

**Agenda:** Each student grades k-6 receives an agenda – to be used as an assignment log and a communication log for parent and teacher comments. Agendas should go home every night and provide parents with a convenient method to monitor their child's work and work-study skills.

### **Dress Regulations**

All students are required to dress appropriately for school every day. Also, students and parents are advised to be aware of our area's changeable weather condition, so that students are always "dressed for the elements". Winter months require ski-pants, winter jackets, mitts and toque. Students are also encouraged to have spare clothes, especially socks & pants, available.

Dress Code:

- Clothing that is obscene, racist, sexist or promotes alcohol or drugs is not allowed.
- Clothing needs to cover underwear, cleavage, and midriff. Tube tops, halter-tops and other beachwear are not allowed. Straps on shoulders of T-shirts shall be a minimum of two finger

widths wide, and skirts and shorts must be a minimum of a full arm's length.

- Hats must be removed at a main entrance and shall not be worn for the school day except during outside recess.
- Any student wearing inappropriate clothing will be required to change or cover up the offending item.
- All students are required to have a separate set of indoor footwear for everyday use in the school. This helps keep the building clean and students ready in the event of an emergency exit.
- Athletic shoes for Physical Education class are necessary.
- Junior high students are required to bring extra clothes to change for Physical Education class. Younger students need to bring a change of clothing if what they are wearing is not suitable for gymnastic or physical activity.

**Eating Procedures:** See bell schedule for lunch and snack times. If you have any questions about lunch times, please discuss them with your child's teacher. Microwaves are available in each classroom, however be aware that line-ups at the microwave greatly reduce the amount of time your child will have to eat. Please be guided by good judgment in this regard.

Snacks are allowed on the playground. Please coach your child about the importance of keeping the playground litter free by using the garbage containers available.

Hot lunch is provided by the VCS School Council for a small cost. Students are required to bring the necessary utensils to eat their hot lunch. Watch the school newsletter for details.

### **Field Trips**

*VSF policy I-301 September 17, 2015*

The Charter Board supports field trips which offer meaningful educational experiences to students, and fulfill and enrich the curriculum.

- Field trips are defined as any off site school activity (including sports events).
- Prior written parental consent must be obtained for participating students. Students without prior written consent complete school work assignments at the school during the field trip time.
- Students are expected to comply with the Student Conduct Policy (VCS Policy Manual: I-101 Appendix A) in order to attend field trips. All students must ride on the assigned school bus or with their own parent. Students traveling with their own parent must STILL register for field trip within the school and hand in consent form. The parent is then responsible for student's transportation throughout field trip. Upon arrival at the field trip destination, student must sign check in with assigned teacher or volunteer to participate in the VCS field trip.
- Students leaving the field trip before the scheduled end and accompanied by an adult must sign out with the supervisor. If leaving with a person other than a parent, prior written and signed consent is required.

**Fire Drills / Lockdown Drills / Playground Evacuation ~ SAFETY PROCEDURES:** We are required to run a number of practice drills throughout the year to ensure that all students are aware of the procedure in case of a real emergency. Please discuss the importance of wearing inside shoes at all times so your child is prepared for the event of an unexpected trip outside.

**Who to Contact if there is a problem or concern:**

Sometimes it is unclear who parents should contact if there is a particular question or concern. Generally, parents should begin by contacting the staff most directly involved – the classroom teacher for school matters, the bus driver for bus matters. If the matter is not resolved, follow up as indicated below.

Contact can be by way of email, letter, phone or face to face. A conversation over the phone or face to face is always a good way to begin the conversation to clear up any questions or misunderstandings; written communication ensures that your views are accurately represented and interpreted. Please remember that email can be a very public, and is best not used for sensitive (personal) issues.
